

Risk assessment (relating to Covid-19 transmission)

Company name: Alford Town Football Club

Assessment carried out by: Rob Wilson

Date of assessment: 3rd June 2020

Reviewed: 18 June 2021 (changes in red)

Date of next review: 1st June 2022 or if restrictions change (whichever is the sooner)

Foreword

Any current Covid-19 restrictions imposed by both UK Government and the Football Association will be implemented. The football club's management committee (and in particular team managers) will be responsible for ensuring the measures listed below are adhered to.

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
Contamination from the lock and gate when gaining entrance to the ground	Committee members entering the ground.	N/A due to this being the initial assessment	Spray lock, gate post and part of gate handled with bleach solution upon leaving the ground	Committee Members	Immediately until further notice	On-going
Contamination from goalposts & other training equipment including footballs	All club members	N/A due to this being the initial assessment	Spray all equipment and goalposts where they might have been touched with a bleach solution. If	Team managers	Immediately	On-going

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
			"bibs" are used, they are to be washed between training sessions.			
Virus picked up from participant's equipment	Any member using other members equipment and then touching their face, mouth or eyes	N/A due to this being the initial assessment	All members to be instructed to use their own equipment and NOT to borrow anyone else's equipment e.g. goalkeepers gloves and drinks bottles, unless that person is from the same household	Team Managers to issue instruction. Club members to adhere to policy	Immediately	On-going
Possibility of virus picked up from entering the clubhouse or using toilet facilities.	Anyone entering the clubhouse and using any of the facilities such as toilets	N/A due to this being the initial assessment	All door handles/locks used to be wiped or sprayed with a bleach solution at the end of training sessions. Toilet seats, flush handles, sinks & taps to be wiped with an alcohol based solution between individual uses. Alcohol based hand sanitiser provided in toilets along with normal soap. Only one individual	Team Managers and/or adult club members	Before locking the clubhouse	On-going

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
			<p>allowed to go to toilet at a time; children to be accompanied by parent or adult member of their household. Players no longer and families discouraged from using club toilets where possible.</p>			
<p>Virus transferred between individuals.</p>	<p>6 members from different households training, or parents or spectators watching. Virus could be passed if social distancing is not observed or other hygiene strategies not followed.</p>	<p>N/A due to this being the initial assessment</p>	<p>Each individual will be instructed to observe social distancing (2m) during the training session – this is no longer necessary. Each individual training to use hand sanitiser before and after session.</p>	<p>Team managers to issue hand sanitiser for those who don't have their own.</p>	<p>At start and end of each session</p>	<p>On-going</p>
